

Beginning January 27, 2020, all educators will be asked to verify their email addresses upon logging into Edmentum Courseware, Exact Path, Assessments, and EdOptions Academy.

### ***Why are you being asked to verify your email address?***

First, verifying your email address gives you the ability to reset your password on your own, without having to contact Customer Support. Second, it ensures that you receive timely information from Edmentum regarding program updates.

### ***How does it work?***

When you log into your account, you'll be met with message to confirm your email address. →

Enter your email address and click **Send Verification and Continue**.

In a few moments, you'll receive an email from an address ending in "@edmentum.com."

Open the email, and click the **Confirm Email** button to verify your email address.

Please confirm that your email address is correct

To ensure we have the most current information for your account, please confirm that your email address is correct or edit as needed. After confirmation, you will receive an email with a verification link. You'll need to verify your email within 7 days.

Edmentum will never make any of your information available to anyone. [Privacy](#)

**Send Verification and Continue**

### ***How do I know if I successfully verified my email?***

After clicking the link in the email, the Edmentum login page will open. On the page, you'll receive a message confirming the verification was successful.

### ***Do I need to verify my email immediately?***

You have **7 days** to verify your email once prompted.

### ***What if I don't verify my email within 7 days and get locked out?***

Option 1: Click **Resend Verification Email** to the current email address to receive another verification link.

Option 2: Enter a new email address and click **Update and Continue** to verify.

**7**  
Days Left

In an effort to better serve our customers, we are requesting that you provide or confirm your email address within the next 7 days. Upon updating, you will receive a verification e-mail.

You must click the verify link in the verification email to complete the process.
